

Options for Woodmill Lane

There is currently an informal entrance on Woodmill Lane between private garages, with a row of concrete bollards. It is narrow, muddy and doesn't allow wheelchair or pushchair access very easily. It is unwelcoming and allows easy access to motorcycles and horses.

The options here might be:

1. Leave as it is.
2. Formalise the entrance, grade and gravel the path. Install "Estate" railings and kissing gate, bin and a welcome sign, including information on the site. Bulb plant the bank with daffodils.
3. Grade and gravel the path but leave open.
